

## **Tips for Identifying a Private Firm to Provide Snow Removal Services**

Although the Town of Superior is unable to recommend or endorse any specific vendor, below is an abbreviated list of residential snow removal contractors that Town staff contacted solely to inquire whether the firm provides service in the Superior area. The Town's Snowbusters Volunteer Match Program is completely volunteer-driven, and the Town is unable to provide direct service or guarantee a volunteer will be identified to provide snow removal service to a resident. This list was assembled as an initial reference source for residents who requested it, and is provided as a courtesy. Any firm wishing to be added to this list may do so by emailing their contact information to: [torip@superiorcolorado.gov](mailto:torip@superiorcolorado.gov). Suggested resources to identify additional firms or reference information related to residential snow removal services include:

- **Internet searches through services such as Google, Yahoo and Bing**
- **Craigslist**
- **Yellow Pages**
- **Searching the archives or posting to the Town's online Community Bulletin Board service (sign up at [superiorcolorado.gov](http://superiorcolorado.gov))**
